

Celebrity Lecture Series

Airship – Flies the So Cal Skies Goodyear Returns to the South Bay

November 18, 2017

11 AM Lecture

Wingfoot Two

Goodyear pilot, William Bayliss, describes the new airship, its technology, characteristics, and mission. He will share the history and evolution of the airship as well as the experience of flying this iconic vessel on its mission of representing the proud tradition of the Goodyear Company and lighter-than-air aviation in America.

Coming in January 2018

SR-71 Pilot, Maury Rosenberg Rosenberg, and RSO, Ed McKim, unveil the mysteries and conjectures of flying the world's highest, fastest turbine powered jet aircraft.

Join us to learn all about the new airship, Wingfoot Two, and while you are here, experience our Spirit of Innovation Gallery.
