Air France 447

Something Went Terribly Wrong

August 18, 2018

11 AM Lecture

**AF 447 DEEP STALL
AND THUNDERSTORMS**
(Lessons learned from the
Air France 447 Accident)

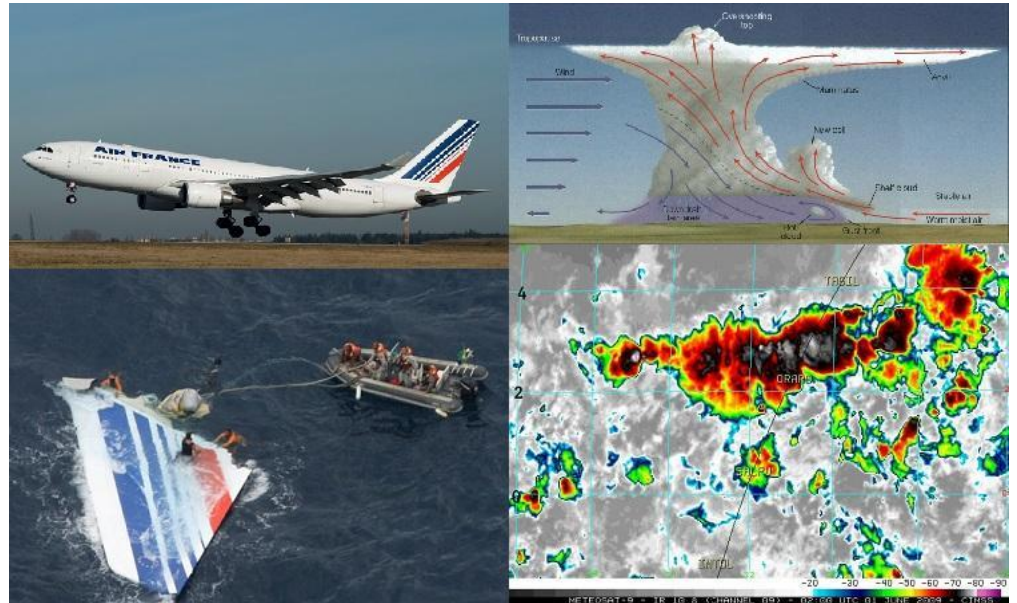

CDR Robert A. Johnson,
USN, Retired

Coming in September:
Air Combat Missions in
Iraq and Afghanistan

Roderick Kurtz, LCDR, USN (ret)

Pilot error? Equipment failure? Lack of training? Some of these, probably all of these, and perhaps several other factors contributed to the tragedy of Air France Flight 447, which crashed into the Atlantic Ocean, killing all on board. We will hear the dramatic story of this doomed flight, as well as details of what is known about the events leading up to the crash, plus expert analysis of how it happened and how it could have been prevented. Retired test pilot, Robert A. Johnson, Commander, USN (ret.), will take us through the entire accident, and unfold the tragic story. It should prove to be a gripping and instructive hour.
